By order of

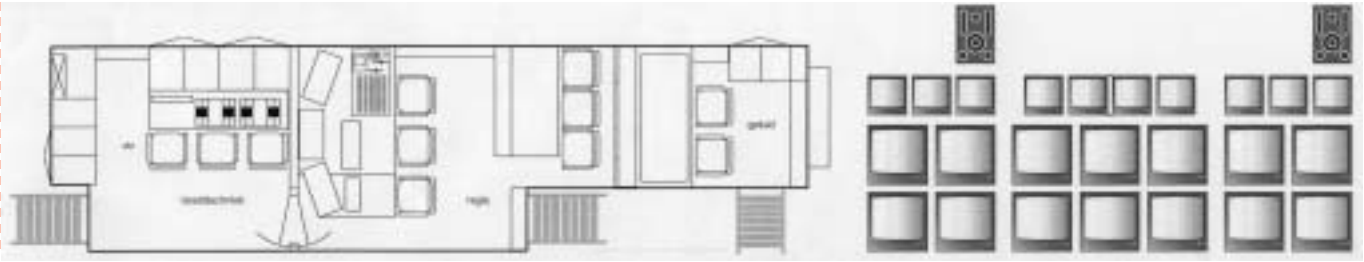

DV 61 Broadcast trailer (1997)

7 x CANON camera type LDK 9 (1992)

3 x SONY digital disc recorder type MAV 555 (2001)

DV 61 Broadcast trailer

This broadcast trailer can be used for all kinds of mega productions. It is equipped for on site live registrations of larger scale events. Further on it is tailored for repetitive productions with over 8 camera's.

The broadcast trailer can control 16 Thomson camera's and has a standard position of 6 VTR's. The trailer has a Grassvalley 4000 video mixer with standard 40 inputs and options for a 4-channel external DVE. It is also equipped for slow motion control and has a separate 3-person production desk.

For audio this trailer has a Studer 980 surround mixer with 30 inputs mono, 6 inputs stereo, 6 sub, 6 masters and 8 auxiliary's direct outputs. Optional Dolby surround en/de-coding and 2 SEEM Seeport mixers 8 inputs mono, 2 masters and 4 auxiliary's. For communication a ADAMcs 48/48 with multiple panels is used. The DV 61 also contains 3 separate party line systems and 6 high frequency sender/receivers.
